Profile

Operations analyst with 8+ years of experience improving logistics workflows, reporting, and vendor costs for mid-size retail and freight companies. Comfortable owning projects from data pull to executive readout.

Work Experience

Senior Operations Analyst

Harbor Logistics Group · Mar 2021 – Present

- Cut average order-to-ship time by 22% by redesigning the dispatch workflow across 4 warehouses.
- Built weekly KPI dashboards in SQL and Excel used by 12 regional managers.
- Led a team of 5 analysts and mentored 3 junior hires into full-time roles.

Operations Analyst

Brightline Retail · Jun 2018 – Feb 2021

- Automated month-end reporting, saving roughly 30 hours per month.
- Negotiated freight contracts that reduced shipping spend by $180K annually.
- Partnered with finance to forecast seasonal inventory within 4% accuracy.

Logistics Coordinator

Lone Star Freight · Aug 2016 – May 2018

- Coordinated 60+ weekly inbound and outbound shipments.
- Resolved carrier disputes and reduced claim turnaround from 21 to 9 days.
